MICROBE-LIFT[®] AQUA-C

100% Natural, Safe and Beneficial Bacteria

Easy to Use
Directions and Application
Rates on the Label

- ▶ Creates a healthy environment for your pond or raceway, promoting faster fish growth
- ▶ Reduces ammonia, nitrogen and nitrate levels
- ▶ Significantly reduces noxious odors caused by algae, fish waste and urine
- ▶ Reduces frequency of dredging
- ▶ Reduces hydrogen sulfide, which creates strong, offensive odors
- ▶ Reduces biological oxygen demand (B.O.D.) and related organics which can cause off flavors in fish
- ▶ Reduces buildup of bird droppings, fish feed and dead leaves
- ▶ Breaks down dead algae
- ▶ Improves dissolved oxygen levels
- ▶ Breaks down organic sludge
- ▶ Seeds and maintains biological filters
- ▶ Contains photosynthetic bacteria which reduces cloudy water by promoting flocculation and settling of organic and inorganic particles
- ▶ Effective over a wide range of pH conditions
- ▶ Can be used in tanks, raceways, lagoons, ponds and pools
- ▶ Sustains biological activity in water temperatures down to 40° F (4° C)

Specially Formulated for the
Aquaculture Industry for
Fresh Water Environments

BASIC APPLICATION RATES			
Pond Vol. (Gals)	1st App. (Purge)	Next 4 Wks. (Once per Week)	Maintenance (Twice per Month)
10,000-50,000	12 oz.	6 oz.	3 oz.
50,001-100,000	24 oz.	12 oz.	6 oz.
100,001-300,000	64 oz.	32 oz.	16 oz.
300,001-500,000	1 gal.	0.5 gal.	32 oz.
500,001-750,000	1.5 gal.	.75 gal.	48 oz.
750,001 -1,000,000	2 gal.	1 gal.	0.5 gal.
1,000,001-1,500,000	3 gal.	1.5 gal.	.75 gal.
1,500,001-2,000,000	4 gal.	2 gal.	1 gal.

AVAILABLE SIZE	ITEM #
1 Gallon	AACG1
5 Gallon	AACG5
55 Gallon	AACG55
